

IDA is a not-for-profit community organisation that provides **free and private** support to people with disabilities, their families, and carers in the Northern Territory.

At IDA, we listen to concerns and look at the whole situation to find the best way to help. We work closely with many community groups and government services, so we can connect people to the right support when needed.

IDA promotes fairness and inclusion for people with disabilities. We challenge stereotypes and support people to live independent lives as part of the community.

Our **Vision** is to become an inclusive society that is supportive and accessible to all persons of all abilities.

Our **Mission** is to advocate and lobby with, or on behalf of, people with disability to ensure an equitable outcome for all.

OUR GOAL -

IDA has been advocating with and on behalf of people with disabilities in the Northern Territory since 1996. Our goal is to support people with disabilities, their families and their carers to improve their lives, and make sure the disability sector is professional and respectful.

At Integrated Disability Action, we provide **individual advocacy** to support people with disabilities in standing up for their rights, accessing services, and addressing issues in their lives. Our advocates work directly with individuals to understand their needs, offer guidance, and help them navigate systems like healthcare, education, employment, and government services. Our goal is to empower people to have their voices heard and ensure they receive fair treatment and opportunities.

1

Listen and Learn: Talk with people with disabilities, their families, carers, and guardians to understand important issues that affect them.

2

Speak Up for Change: Work to improve these issues, whether they affect one person, a group, or the whole community.

3

Share Information: Create and share helpful resources to raise awareness about issues that impact people with disabilities.

4

Make Voices Heard: Ensure people with disabilities, their families, carers, and guardians have a say in important decisions made by governments and other organisations.

Who can have an advocate?

- IDA can assist you with your advocacy needs if you **live in the local area of Darwin**. Alternatively we can refer you to an advocate in your region with your specific needs in mind.
- IDA can assist you if you need to feel heard and be part of a decision.
- IDA can assist you if you are a family member or carer of a person with a disability.

What can an advocate help with?

- Understanding your rights.
- Getting fair treatment at work, school, or in the community.
- Help with the NDIS, housing, healthcare, and other services.
- Speaking up if you feel unsafe, ignored, or treated unfairly.
- Non-legal/moral support with legal or government issues.
